104(c)	Topic 104(c). We understand from our discussions that Plaintiffs are not asking Google to analyze or speculate as to whether any product change had any effect on header bidding. Google designates ██████ to testify regarding line item caps. We think this is more than reasonable given that Plaintiffs already have access to Mr. ██████'s investigative deposition transcript.	4/26/2024	*The States are entitled to take 7 hours for Mr. ██████'s Rule 30(b)(1) fact deposition - please confirm that Mr. ██████ will be available past the 7 hours to testify on Topic 104(c), which the States expect to only last for approximately one hour	██████	Remote
